You will find most of it in the links above, however some favourites are The Airforce Museum, the Old city of Linköping, the Göta Kanal and the locks at Berg. For shopping at the City, go visit Centre of Linköping

If you come from south at E4, a stop at the Husqvarna factory museum is strongly recommended,

Also a trip to the nearby city of Motala and the Motormuseum there at the harbour well worth a visit

Are you interested in hiking then a visit to Omberg is recommended, close to Motala and the old city of Vadstena with a castle from mid. 1500 bc

If you come in from north, make a stop at the old industrial landscape in Norrköping

For you who goes south after the Race, replace E4 with a trip through the city of Vimmerby with Astrid Lindgren world.

Then continue to the east coast through city of Oskarshamn, Kalmar, Karlskrona, then you are at Skåne and not so far from the Ferries to Germany and Danmark Have a nice stay
